

HVAC/R & ELEVATORS **SYSTEM UPGRADE**

Energy Efficient Products and Technologies in Electro-Mechanical Fields:-

The HVAC system accounts a major share of a commercial business's annual electric bill. The best HVAC design has the advantage of energy efficient HVAC technology such as Lower energy consumption, Indoor air quality, Space efficiency, Comfort and Productivity etc.

Lower energy consumption, that save your money on heating and cooling bills for upto 50 percent. To maintain efficiency ratings of the HVAC, there are various factors to be considered to reduce the cost of cooling as well as the space efficiently in terms of installation and air handling.

Skills, Capabilities and Solutions in the field of Electro-Mechanical:-

The company has over 20 years of experience in the field of Heating, Ventilation, Air Conditioning and Refrigeration in all sectors. We provide expert advise on the HVAC Products, assist clients to upgrade their HVAC System to lower utility bills. View an installation project in Abu Dhabi: [HVAC UNITS.](#)

Supply, Installations & Replacements

Some of the work includes Low Voltage Wiring, Humidity Control, Remodeling Compressors from Centrifugal/Reciprocating to Rotary/Screw/Scroll, Complete system overhauling and rebuilding, Remodeling Temperature Control Systems, A/C Tune-ups, Building pressure Assessments, Infiltration & Pollution Prevention, Air Cleaners and Purifiers, Odour Absorbers, Sound Absorbers etc.

Analysis and Treatment (Refrigerant Safety based on Clean Air Act of USA)

The Clean Air Act - 1990 of United States proposed to regulate the usage of Chlorofluorocarbon (CFC) or Freons that contribute to Ozone Depletion.

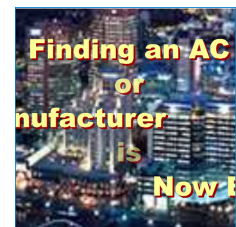

- Refrigerants
- Refrigerant Water
- Refrigerant Oil
- Corrosion Control
- Descaling Chemicals & Protective Coating

Elevators - Supply, Installations & Replacements of Lifts

Specialized in supply & installation of Elevators, Lift & Escalators in Commercial, Industrial and Residential projects.

Speciality Services

Alternative Energy, Building Automation, Safety Control, Environmental Safety, Refrigerant Safety (At what types of
